## WORLDPREMIERE IN DÜSSELDORF !

### The new Dehler 32 and 45

Dehler Yachts has to celebrate two new models. We will present at BOOT in hall 17, stand C 23 the new Dehler 45, new developed out of the successful Dehler 44 and our latest completely new designed Dehler 32.

The new Dehler 32 is one of the most attractive yachts in the 10-meter-class. She has everything, what Dehler Yachts are representing since ever: High building quality, best materials, a fast and efficient top-design of Judel/Vroljik & Co. She is built of handlaid GRP-glass fibres, the deck is a sandwich-construction with balsa core.

By the way, this new design has plenty of room downstairs, a very powerful sailplan, a modern t-shaped-keel with a low centre of gravity and equipment which makes family-cruising comfortable, as well it suits an ambitious racing crew.

In this sophisticate cruiser racer we have assembled all our know how to enable her an optimal start into a successful future. As cruiser or racer !
