FJORD NORTH AMERICA ENTERS THE MIAMI YACHT SHOW WITH STRONG NEW PARTNERS: MARINE INTERNATIONAL DIESELS, INC. AND ATLANTIC RADIO TELEPHONE

FJORD North America have partnered with the very best service providers in South Florida to maintain the high level of commitment desired by their growing number of customers.

Along with BM Yacht Service providing our mobile rapid response service, and RMK Merrill- Stevens Shipyard providing our yard services, we are happy to expand on our customer service by partnering with Marine International Diesels Inc. and Atlantic Radio Telephone.

Marine International Diesels Inc., located in South Florida (MIDI), provides their award – winning service to us by managing pre-delivery inspections of engines, drives and controls systems.

Atlantic Radio Telephone, with two locations in South Florida, provides expert support to our customers with their electronic warranty needs, as well as building out additional components for customized navigation and communication needs.

Douglas Brophy, Managing Director, FJORD North America: "It is unique in our business to find established partners willing to provide such a strong commitment to each other's brands. We are pleased to provide this level of engagement to our customers."

To learn more, visit the FJORD booth at the **Miami Yacht Show: Ramp A South, Slip 4.**
