## PRESSEMITTEILUNG / PRESS RELEASE

### Hanse-Yachts shows off bestsellers at the In-Water Boat Show in Toronto

The Toronto In-Water Boat Show is taking place from the 11th to the 14th of September in Toronto! Yacht manufacturers from around the globe will be displaying their products, including HanseYachts. HanseYachts' commercial partner Pat Sturgeon will be presenting the bestsellers from the Greifswald production line along with HanseYachts US. The Hanse 350, the Hanse 370 and the Hanse 430e will all be on display.

The **Hanse 350** has now been on the market for over a year and the designers have gone a step further and broadly enhanced the interior concepts. After receiving lots of feedback from owners, Hanse was able to incorporate requests and experience into the new interior options for the saloon, pantry, bathroom and bunks.

The *Schüddelfrost*, a concept yacht for the **Hanse 370**, has already sailed in the front of the pack at international regattas and in doing so showed off her enormous speed potential. In addition, she has had her deck layout and other designer features overhauled thus bringing her up to the standards of the other models in the luxury class.

Numerous improvements await the visitors on board the **Hanse 430e**, whose regatta version "competition" just placed second at the "Copa del Rey" regatta in Majorca. The "e" in the name stands for innovation, which includes the materials used as well. The hulls on these yachts are made from epoxy. By using such materials, long-lasting sailing pleasure and high value retention are both guaranteed.

The Toronto In-Water boat show is open from 12 p.m. to 7 p.m. on Thursday and Friday and from 10 a.m. to 6 p.m. on Saturday and Sunday.
