

## 630 # 50 FEET OF FASCINATION

### The Blue Ice Edition 50

#### Come on board and find out

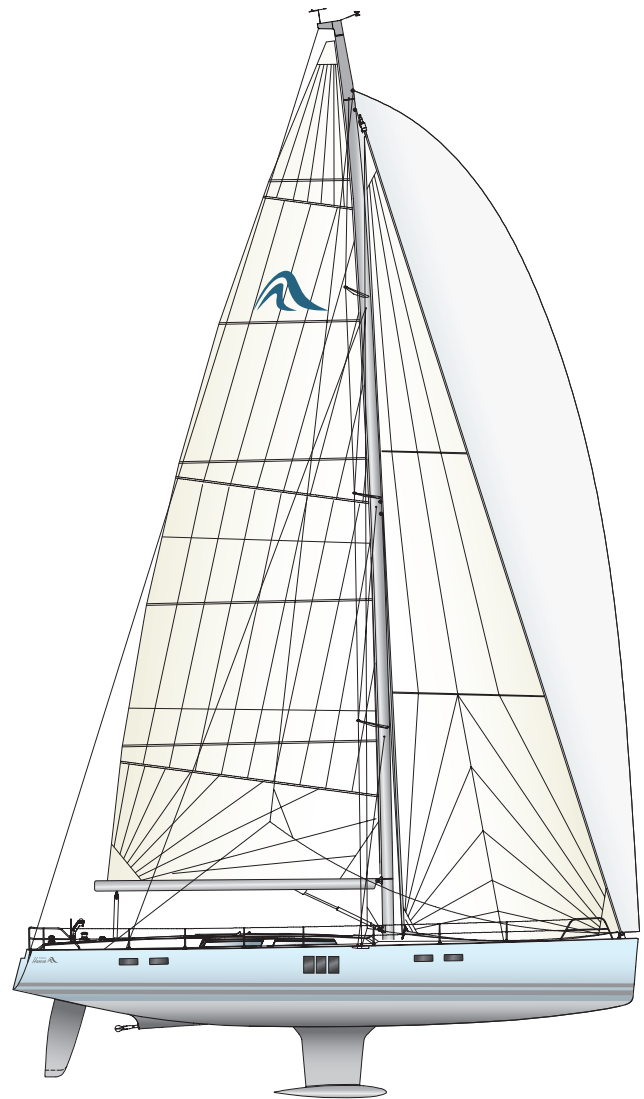

The Hanse 630 is a milestone in the success story of HANSE. Hull number 50 is close to completion! This constitutes one of the greatest sales successes for a production yacht in the 20 meter class worldwide. And so we want to demonstrate once again the superb qualities of this yacht and the imagination of our designers and yacht builders. The „Blue Ice Edition 50“ will surprise you. Experience a Hanse 630 as never before! It boasts fantastic new ideas and materials and a pioneering new furnishing style from Birgit Schnaase Interior Design.

Maybe just the boat for you?

#### VERY SPECIAL

The Interior Designers comment „The Hanse 630 is always something very special for us at Schnaase Interior Design, SID. Created five years ago it shows off particularly well, thanks to its wonderful proportions, exactly what HANSE wanted to create for their boats with their modern interpretation of „loft style“: Size, airiness, clean and smart lines.

The 630 has come of age: in the past Minimalist Style meant something sharp, today it is comfort above everything else. We have associated this re-launch with two modern keywords: Vintage style, which we interpret as the use of modern materials which display patina and continue to develop with weathering. Reliability, comfort, modern style, yet inviting, timeless and detailed. Some dark brown leather flooring in the owner's quarters made of special leather reminiscent of suede. The sofa in the living room is made of soft suede and on which one immediately sees traces of use. The furniture and doors are of veneer beech bringing both vitality and warmth.“
