

Pressinformation 2007 / 20

Happy birthday HanseCup: The HanseCup celebrates its ten years old existence.

Greifswald, 28th August 2007. Ten years of HanseCup – a reason to celebrate! From August 31st until September 4th the jubilee edition of this sportive familial event, which already has the status of one of the largest regattas in the Baltic area, will take place.

The fleet of the Hanse yachts will experience the beauty of the region in four legs: Greifswald – Sassnitz, Sassnitz – Hiddensee, Hiddensee – Stralsund and Stralsund – Greifswald. These are the daily legs of the approximately 100 sea miles around the island of Rügen. The focus is the fun of sailing for everybody, especially for the many family crews taking part.

On the track of the ancient sailors of the Hanse period this get together along with the culinary enjoyment is highly appreciated. The organisers take care of this in every harbour after the daily sailing. The sailors are already looking forward to the “birthday concert“ performed by a band from Greifswald on the first evening...

Everybody who owns or charters a Hanse yacht can sail the HanseCup. This year more than 60 Hanse yachts are expected to take part – almost the complete model range from Greifswald including the old Hanse 291 up to the new Hanse 470 will start. A new record! Many families, business crews, Hanse owners and fans of Hanse yachts will experience five unforgettable days within the Hanse family.

Since 1998 the HanseCup is a fixed event in the regatta calendar of the Hanse sailors.

You will find more information about the HanseCup under the following links www.hanseyachts.com, www.hansecup.org or directly via the main organiser www.hanseyachtsvertrieb.de.

You can register for the HanseCup until Thursday, 30th August at 6 pm at Hanse (Deutschland) Vertriebs GmbH & Co. KG (via e-mail: arose@hanseyachts.de or via telephone: 0049-3834-775570).
