Hanse 

PRESSEMITTEILUNG / PRESS RELEASE

Hanse also represented at the Kolding Boat Show

Denmark's "flydende Bådudstilling" in Kolding is rapidly approaching – 10,000 water sportsmen and women descend upon the "Norhavnen" marina every year for this one of a kind boat show. Almost 140 ships will be on display – including half of the **HanseYachts** fleet!

The Hanse 320, Hanse 350, Hanse 370, Hanse 400 and the Hanse 430e are all awaiting the Danish visitors. Exactly one year ago these yachts were presented in Greifswald and made the fast ascent from the drawing board to being nominated for yacht of the year. The **Hanse 320** and the **Hanse 350** both exhibit unique sailing performance due in large part to the large sail area, a newly constructed T keel and fast lines. Below deck the Hanse 350 also proves just how versatile the interior design really is by using the Hanse "individual cabin concept".

The deck layout and other design specifications in the **Hanse 400**, as with the **Hanse 370**, were matched with the specifications of the luxury class models. Moreover, the interior of the Hanse 400 has been revamped. The 2006 European Yacht of the Year is now equipped with an additional small desk and matching chair on the bow and new sliding cabinets – all standard.

Furthermore, numerous specification improvements await those on board the **Hanse 430e**. The "e" (for epoxy) in the description indicates innovation – including the materials used in construction. Epoxy was used to make the hulls of these yachts, guaranteeing long life at sea and a reduction of depreciation.

The "Kolding flydende Bådudstilling" is one of the most beloved boat shows in the Danish Baltic. The boat show is open to visitors from the 15th to the 17th of August in the Nordhavnen marina in Kolding.
