HanseYachts AG at the boot in Düsseldorf with the brands Dehler, Hanse, Moody, Privilege, Fjord and Sealine from 19th to 27th of January 2019

The most important boat show of the year is just around the corner and HanseYachts AG presents itself again with a diversified brand portfolio. The sailing yacht brands Hanse, Dehler, Privilege and Moody as well as the powerboat brands FJORD and Sealine are represented with a total of 18 outstanding yachts. Along with a world premiere several German premieres are waiting to be discovered. There is also the chance to get informed about the development status of excitingly new models. In this press release, we would like to give you an overview of all models and stands at the boot Düsseldorf 2019.

German Premieres

In Düsseldorf the **Hanse 458** and the **Hanse 508** are celebrating their German premieres. Both sailing yachts of the 8 series are characterised by their progressive design and excellent sailing performance.

The Hanse 458 has already been nominated for the "British Yachting Award 2018" as best Cruising Yacht of the year.

As for the powerboats, the FJORD 52 Open, the FJORD 44 Coupé and the Sealine S330v will be presented to the German audience for the first time while the brand-new Sealine C390 celebrates her world premiere.

With her impressive length of 15.98 m the **FJORD 52 Open** is not only the biggest model in the FJORD fleet, but also a clear statement for unique luxury and high performance on the water.

The **FJORD 44 Coupé** surprises with a newly developed superstructure which arc-saloon, consisting from real glass, stainless steel and sophisticated composite, conveys an entirely new sense of security.

The **Sealine S330v** is the first Sealine with outboard engines and due to its low draught the perfect sport cruiser for shallow anchorages. The large cockpit with an outdoor pantry and a gas barbecue complete the feeling of freedom at anchor.

World Premiere

Sealine is completing its range of the successful Cruiser series with the world premiere of the **Sealine C390**. A luxury ambience below deck is given by an elegant owners cabin with a bath en suite, two guest cabins with standing height in the entrance area and a separated wet cell. Saloon and cockpit are perfectly combined with a folding door and a large tilt window, creating a pleasant feeling of open space. The huge sunbathing area on the foredeck is part of the standart version.

New Developments

At Privilège`s luxury-catamaran-stand, there is the possibility to get informed about the further development of the **Privilège 510 Signature D-light**. Further more two model catamarans of Privilège 510 and 580 invite for bigger dreams.

Moody also presents a new exciting project: **Moody DS41**, the worldwide only true deck saloon yacht in 41 feet length. The current development status is worth getting informed about.

European Powerboat of the Year 2019

We eagerly await the jury`s decision for the “European Powerboat of the Year Award 2019”, in which context the **Sealine F430** has been nominated in the category 35 to 45 feet length. The Awards Ceremony will be held traditionally during the Flagship Night at the start of the boot Düsseldorf.
