About HanseYachts

HanseYachts is one of the fastest growing yacht shipyards in Europe. Sailing yachts under the Hanse and Moody brands as well as motor yachts under the Fjord brand are currently being built that range from 24 ft to 63 ft. In 2008 HanseYachts AG is celebrating the 15th anniversary of the HANSE brand. Under this brand the first sailing yacht produced on an assembly line, the Hanse 291, was manufactured in Greifswald in 1993. From the very beginning the concept of our shipyard was to offer technologically sophisticated yachts for private ownership with convenient handling and outstanding value for money. This, coupled with an innovative design concept, has resulted in the success, which HanseYachts enjoys in its markets today. HanseYachts AG has also been publicly listed on the General Standard of the Frankfurt Stock Exchange since March 2007.
