# PRESS RELEASE

## Exclusive boat show event in Les Sables d'Olonne

### Test sailing of the new Privilege Signature 580 with customers

**Greifswald, 8 April 2021:** In line with the current hygiene measures in France, Privilege offers its customers and prospective buyers a unique boat show event. After the premiere in-house show last autumn, this is the second time that Privilege is inviting visitors to its home port in Les Sables d'Olonne on the French Atlantic coast.

After the new Privilege sailing catamaran, the Signature 580, made her first public appearance as the destination ship of the Vendée Globe, she is now celebrating her official world premiere and is also ready for exclusive test cruises. In addition to top-class on-board comfort and seaworthiness, the luxury catamaran impresses with direct access from the owner's cabin to the saloon and the foreship cockpit.

Of course, Privilege will again offer personal tours of the shipyard, during which the boatbuilding specialists will provide exciting insights into the current production processes of the Signature 510 and the Serie 640.

As the number of participants is strictly limited, visitors are asked to register via this e-mail adress: [salon@privilege-marine.com](mailto:salon@privilege-marine.com)
