RYCK 280 WINS BEST OF BOATS AWARD 2022

During the Boat & Fun trade fair in Berlin, the Ryck 280 was awarded the Best of Boats Award 2022 (BOB) in the category Best for Beginners.

The BOB award focuses on the user perspective. The Ryck 280 with its highly versatile concept convinced the international jury of boating journalists from all over Europe and the USA. This is the second prize it has won after its design was awarded the Prix De L'Élégance among the Moteur Boat De L'Année 2021.

With engines ranging from 250 to 350 hp, her practical walkaround deck and the largest stepless cockpit in her class, an extremely spacious cabin with wet cell and numerous equipment options tailored to the individual use of the boat, the Ryck 280 is not only an eye-catcher, but also ideal for entry into the world of sporty, comfortable motorboats.
